

When it gets extremely cold, we stay cool

Altrad's Rope Access team
takes care of your ice-free
industrial installations.

ROPE-ACCESS TEAM

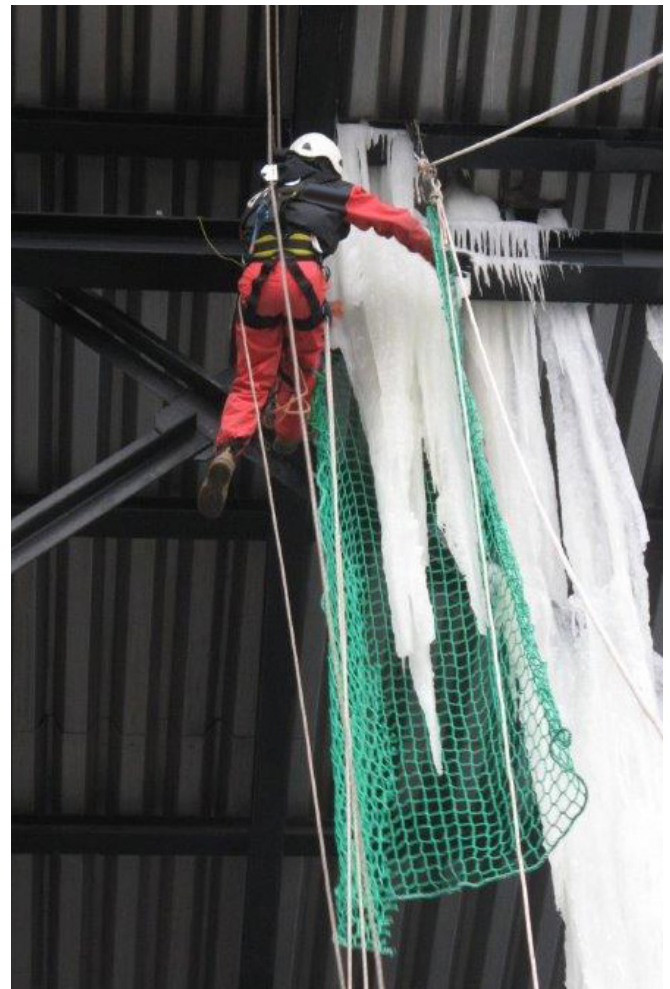

The cold months bring not only a touch of winter magic, but also hazards of icing around installations. Find out why Altrad is the ultimate partner to overcome these challenges with brilliance:

Dangers of icing

- ▶ Zones become **inaccessible**.
- ▶ **Additional load** on structure and pipework.
- ▶ Risk to **people and equipment**.

Why rope access?

- ▶ **Out of the Line of Fire:** We approach hazards from above, making work safer.
- ▶ Our integrated approach offers **efficient solutions** (rope access with net encapsulation).
- ▶ Removal icicles: **Secured in manageable pieces**.
